

## Invitation and Call for Papers

# 2005 Future Science and Culture Conference

*"Building Bridges at the Frontiers of Culture, Matter and Spirit"*

June 25-26, 2005

Auditorium, National Yang Ming University, Taipei, Taiwan

### In Collaboration with

*The Epoch Times* (www.epochtimes.com.tw), *Future Science and Culture Society*

## Conference Description and Goals

The conference will provide a forum for the exchange of ideas and discoveries in the emerging research areas of consciousness, mind-culture-matter correlations, and exploration of higher dimensional space. The conference will also provide a unique opportunity for scientists of all fields, artists, cultivators, and educators to interact and nurture pure insight into future science and culture.

## Topics to be Covered

### Science and Consciousness

Potential research areas are the communication between matter and consciousness, and the correlation between spirit and matter, as well as mind and body. Theoretical and empirical studies of reincarnation, NDE, OBE (out of body experience) and hypnoses are also covered.

### Morality, Culture and Matter

This topic covers the linkage among morality, culture and matter. Examples include the relationship between health and cultivation of mind, music and health, arts and spirituality, as well as economy and ethics. The essence of traditional Chinese medicine is also included.

### Cosmos and Humans

This topic explores the relationship between time-space and human life. Potential areas include findings in prehistory, re-examining theory of evolution, energy fields and life, prophecy studies, and the correlation between natural disasters and human activities.

# 2005「未來科學與文化研討會」徵文

## 建立文化、物質與精神的橋樑

2005年6月25-26日

陽明大學禮堂

### 主辦單位

大紀元時報 (www.epochtimes.com.tw)，未來科學與文化學會

### 主旨

「未來科學與文化研討會」提供了科學界、醫學界、文化界、與修煉界一個互動與交換觀念的機會，扮演著文化、物質與精神之間橋樑的角色；期盼能在理性、開放與無私的研討下，共同探知宇宙、人體的奧秘，為未來人留下一個思索的方向。

### 大會主題

#### ➤ 萬物有靈

此主題包括物質與精神的關聯、人體的身心靈互動、元神離體的探討、輪迴經驗、催眠與意識、整體性醫學等。

#### ➤ 道德、文化與物質

此主題探討道德、文化與物質間的關聯性，例如音樂、修煉、藝術或道德對人體健康的相關研究。中醫之精髓的探討亦是本主題的重點。

#### ➤ 宇宙時空

此主題探討宇宙時空與人類的關係，涵蓋對史前文明、進化論的檢視，能量場與人的互動，預言的研究，天災的起源與防範，以及多維時空的探討等。

### 重要日期
