

# Nine Commentaries on the Communist Party

## A Book to Change China's Destiny

Online Book

Epoch Times published the “Nine Commentaries on the Communist Party” in November 2014, a book-length editorial series that has been translated into over 30 languages. This groundbreaking book is systematically dismantling the Chinese Communist Party (CCP). It is a final verdict on the CCP that has been rapidly spreading in China. Despite retaliation by the Chinese Communist Party (CCP), the book has spread to virtually every corner of the country. Chinese experts credit it as a major catalyst for driving positive change in China. Chinese people have responded in overwhelming fashion. Over 300 million have renounced their memberships in Party organizations. The CCP’s stranglehold on Chinese society, put in place with violence and propaganda, is slipping away, one person at a time.

The “Nine Commentaries on the Communist Party” is awakening people’s conscience and has triggered a massive global wave of withdrawals from the CCP. As more and more people clearly recognize its evil nature, the Party is collapsing amid its persecution of its own people.

**中共不等于中国  
爱国不等于爱党**

**CCP ≠ China  
Love China ≠ Love CCP**
